

PEER

PARTNERSHIP FOR EUROPEAN
ENVIRONMENTAL RESEARCH

PEER is
a partnership
of seven European
environmental
research centres

www.peer.eu

Combining fundamental and applied, multidisciplinary research, often through partnerships worldwide, to anticipate and address society's environmental challenges in:

- **Atmospheric Environment**
- **Biodiversity and Land Use**
- **Climate Change**
- **Environmental Technologies**
- **Fragile Environments**
- **Geoinformation**
- **Marine Environment**
- **Natural Hazards**
- **Soils, Forests, Agriculture**
- **Surface and Groundwaters**

The aim of **PEER** is to be a world leader in integrating knowledge and expertise for sustainable development, in support of policy-makers, industry and society.

PEER members:

Alterra Wageningen UR

(The Netherlands)

CEH - Centre for Ecology & Hydrology (United Kingdom)

DCE - Danish Centre for Environment and Energy, Aarhus University (Denmark)

EC JRC-IES - European Commission, Joint Research Centre, Institute for Environment and Sustainability (Italy)

Irstea - National Research Institute of Science and Technology for Environment and Agriculture (France)

SYKE - Finnish Environment Institute (Finland)

UFZ - Helmholtz Centre for Environmental Research (Germany)

Want to receive the PEER newsletter?

It is published 3-4 times a year and contains the latest news, events, publications and job opportunities from the **PEER** centres. Subscribe at:
